

MOBILE CONNECTIVITY SOLUTIONS

Meet the MCS Leadership Team

Darien DeLorenzo
CEO & President

Darien is founder and past CEO/Executive Director of the national Mobile Health Clinics Association. She has over forty years of experience in healthcare marketing and administration.

Through our unique program, the **National Mobile Healthcare Connectivity Initiative**, the MCS team offers administrative services designed to assist your healthcare organizations in assessing its broadband and Internet connectivity requirements; explore IT solutions; and identify (and apply for) available funding resources.

Our commitment is to improve the connectivity capacity at the locations ("Health Stations") served by mobile clinics (medical and dental) and/or community health workers and thus, allow providers to offer quality, affordable, and efficient healthcare.

Deborah Landesman
Director, Client Services

Deb has over 20 years in all facets of corporate real estate including leasing/subleasing, due diligence, mergers and acquisitions, construction management, facilities management, building access, contract administration, and telecommunications.

Deb serves MCS in property management, coordinating with landlords and telecommunication carriers the installation process for broadband equipment and connectivity.

Quinn McCullough
Chief Financial Officer

Quinn is currently senior project manager for an international software development company. Quinn serves MCS in managing business and financial services.

Alden Anderson, MT (ASCP)
Director, Medical Informatics
National Mobile Healthcare
Connectivity Initiative

Alden specializes in source funding for healthcare entities needing broadband assets to support their programs in the contemporary and changing digital healthcare environment.

With more than twenty-five years working in the healthcare environment, Alden has extensive experience with filing for sustainable funding through USAC (Universal Service Administrative Company), CMS, and HSRA grant programs.

**Freddie Sewell COO &
Executive Vice President**

With over 40 years of experience in telecommunications, telemedicine technology, and the mobile healthcare sector, Freddie brings a wealth of knowledge in serving MCS clients
